ABOUT OUR COMPANY

Zadok Holdings (Pty) Ltd (Construction) was established in 2016 by the 2 Directors who have over 40 years of building experience between them.

ABOUT US

The Directors have worked for some of the biggest and most well-known construction companies in South Africa, Ghana and the United Kingdom thereby bringing a wealth of experience and professionalism to the business. We are a new breed of contractor and we aim to change the perception of the industry we love. We love what we do and so do our clients because we take the complexity and frustration out of construction and make the process easy for them.

MORE ABOUT US

We take the time to understand what our clients want to achieve and then assist and serve them by bringing their vision to reality. All our projects are executed to the highest quality standards and delivered by a team of friendly people who aim to achieve a defect free project at practical completion. We always aim to create positive relationships with our clients, employees and supply chain producing a proactive and open approach. This, in turn, allows us to achieve exceptional results in an efficient and timeous manner.

OUR PHILOSOPHY

MISSION

Our mission is to make the construction process easy and enjoyable for our clients and professional teams we serve. We aim to deliver defect free projects at practical completion, thereby raising the quality standard in the industry.

- We believe in exceeding our client's expectations.
- We believe that quality should be built into the process to ensure the projects are handed over with zero defects at practical completion or as we like to say "ZD@PC"
- We believe that our services and quality should be remarkably superior.
- We exist to be of service to our customers and truly believe they are king.

These principles are entrenched into our business and guide everything we do.

02.

OUR SERVICES

We believe that our services and quality should be remarkably superior.

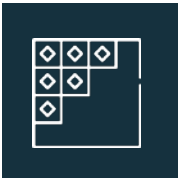

WHAT WE DO

We also are a Specialist Interior Finishing Contractor

Our current services we offer are Specialist Ceiling & Partitions, Plastering and Tiling services. We offer these services to many of the large Main Contractors and Interior Design companies.

We have the capability to undertake projects varying in size from as small as R50k and up to about R25 million as we currently have a 6GB PE CIDB grade.

We are based in Gauteng and undertake majority of our work locally; however, we have the resources and experience to undertake projects in other provinces.

WHY CHOOSE US

- We aim to provide exceptionally good value for money.
- We aim to deliver a reliable service that exceeds our client's expectations.
- We aim to provide superior quality and a defect free product. (Some would say we are perfectionists.)
- We are experts at what we do. Our specialist teams understand the nature of refurbishments / fit-outs and maintaining normal service for the clients.
- Our clients tell us how easy we are to work with and how much they appreciate our dedication to delivering defect-free projects.
- We are a Level 2 BBBEE contributor and are 100% black owned and managed.

So if you looking for a contractor for your next project, why not give us a call and we would be glad to be of service to you.

CLIENT TESTOMONIALS

Aveng (GLTA)

We have recently completed a project in Gauteng, where we utilised the services of Zadok Plastering and Tiling.

The scope of work increased drastically from the original scope of work, however the time frame for the project remained the same. Zadok was responsible for all new plaster work, all new screeding, over 12000m² of new rhinolite skimming to walls as well as over 5000m² of wall and floor tiling.

Additional resources were brought in as soon as the scope of work increased so that the project could still meet the deadline. The project was handed on over on time and the project was successful.

The guys from Zadok, Jonathan, Quintin and their teams on site performed well under the pressure and always went out of their way to assist the project. It was good to have them on board as part of the successful team that was on site.

We are satisfied with the quality of work that Zadok produces in the time frame allowed and we have just started a new project with them on board again. I would gladly use them again in the future.

CLIENT TESTOMONIALS

Trueprop

We have used Zadok Holdings on numerous projects over the last 8 months and they have become our first choice due to their experience and proactive approach to the projects.

Not only are they extremely efficient contractors but they are always willing to go the extra mile to provide us with additional advice and assistance. Zadok Holdings has always delivered each and every project on time and to the required quality.

We/I therefore have no hesitation to recommend Zadok to any potential client who requires their services.

Transnet

This serves to confirm that we recently carried out a refurbishment of the executive floor of the Carlton Centre in Johannesburg.

We appointed Lumercon as the main contractors for the overall management of the work.

However we acknowledge that Zadok Holding (Pty) Ltd was a subcontractor to Lumercon and they carried out a very delicate and highly sensitive part of the work.

We were impressed with Zadok Holding's professionalism and quality of their workmanship.

Whilst we had very little direct involvement with Zadok on this project, (having relied on Lumercon) but from what I witnessed I would have no hesitation in recommending them for similar office refurbishment or fit out work.
